Thanks, Claire.

Keith, do you have a sense of the timeline for when you need the aerials?

Best,
Michael

Hi Michael,

Thank you for your email. Let me take a look at the images in SEMS. It's likely the one page notations are for partial scans of the oversize photos, but let me confirm first. We can scan them at the GIS Center at 75 Hawthorne and send you electronic copies. If you find the image quality does not satisfy your need, we can make the aerial photos available for pickup from the Records Center or have them delivered to a specified office space at 75 Hawthorne.

What is your timeline? We have a staff member going onsite once a week.

Thank you,

From: Michael Fox <mfox@toeroek.com>

Hi Claire,

We've identified 52 aerial photos covering the 1947 – 1972 time period in the Montrose site index (see list attached). Are these available to send electronically, or are they only in hardcopy format at the records center?

Thank you,
Michael

Hi Michael,

Please see the attached Montrose site index. Where a record is "Undated", you can refer to the "Doc Created Date" column.

Let me know if you have any questions.

Best,

Claire Mullin

Good morning,

On behalf of Keith Olinger, I am requesting a copy of the John Kallok interview that was conducted for the Montrose Chemical site. As a side note, John Kallok was also deposed for the United Heckathorn site, but I'm hoping there is also an interview that was indexed for the Montrose Chemical site.

Unfortunately, I don't have the year the interview was conducted. If you end up with multiple relevant records, please send an index and we will review.

Thank you!

Sandra
